THESE FIGURES ARE PRODUCED AS A SERVICE TO IFPO MEMBERS

- 1. While every effort is made to ensure accuracy, no responsibility is accepted by IFPO.**
- 2. Please be advised that that this information is not part of a legal instrument.**
- 3. The relevant Fisheries Notices are the legal documents in relation to Quotas.**
- 4. Monkfish Scheme Vessels will be issued vessel specific catch limits by DAFF.**

*** HAKE Quota subject to confirmation by DAFF. Proposal (made by IFPO) is for 1% by-catch for vessels excepting Gillnetters and Seiners, which will have 4/2 tonne quota over/under 55'. The quota is for the first time ever 95% utilised and therefore as a temporary measure the remainder will be concentrated on the Gillnetters / Seiners which are most heavily dependent on Hake. Swaps will be sought to try to open up the fishery more but as it stands, it has proved difficult to keep even this limited fishery in operation for October.**
